Student Placement Exam

Initial student placement is determined by the placement test provided by **Pearson Education**, this institution's core text series. This is given prior to the start of the semester. Faculty will assess the student during the first week of class to make sure that placement is correct. There are very few instances where a student's level needs to be changed; therefore, the school deems the test to be not only valid but also reliable.

Advancement

Advancement into the next level is based on the following:

- A passing final grade of C- or higher

The final grade is accumulated by the following:

- 40% final exam
- 40% midterm exam
- 10% quizzes
- 10% homework assignments

Academic Evaluation Scale:

A+	97-100	B+	87-89	C+	77-79	D+	67-69	F	Below 60
A	93-96	B	83-86	C	73-76	D	63-66	I	Incomplete
A-	90-91	B-	80-82	C-	70-72	D-	60-62	W	Withdraw

Program Completion

Each course is considered an independent program. A student who passes and would be eligible to take a program at a more advanced level or for different language acquisition goals according to their needs is considered to have completed his or her program.

Completion of the course of study is determined by passing the highest level that satisfies the student's needs. Students come to the school with different needs and goals; some are for practical, others for social and still others are for college or career purposes. The school is very concerned with what the student wants to get out of the program.

Transfer

A student may desire to transfer to another school. LIC/LISMA Language Center allows students to transfer out:

1. At any time if the student has been accepted into an academic (not ESL) program at an accredited college or university.
2. Between semesters if and only if:
 - a. The student has completed a full-time program,
 - b. The student has maintained 80% attendance for the duration of the semester prior to transferring,
 - c. The student has earned a passing grade in the semester prior to transferring, and
 - d. The student requests a transfer out at least two weeks before the end of the semester.

These regulations are non-negotiable. Any student who does not register for the next term or complete the transfer procedure above, will be considered to have withdrawn from the school. Depending on their grade and attendance, their status will be updated to Completed or Terminated in the SEVP system. In that event, any student wishing to continue their studies in the United States will have to return with Initial status.

In accordance with the federal rules for F-1 transfer students as found here:

<https://studyinthestates.dhs.gov/instructions-for-transferring-to-another-school-as-an-f-1-student>

An F-1 student is eligible to transfer to another school or program of study. To start the process of transferring, you must bring the following to your designated school official (DSO):

- Written confirmation of acceptance to another Student and [Exchange Visitor](#) Program (SEVP)-certified school
- Contact information for the new school's DSO
- The Student and Exchange Visitor Information System ([SEVIS](#)) school code for the transfer-in school

Your DSO will then work with you, and the DSO at your new school, to choose a transfer release date. This date is when the DSO at your transfer-in school takes responsibility for your SEVIS record. Several factors go into selecting this date:

- Academic needs
- Travel and employment plans
- Projected start date of your new program

Once your transfer release date arrives, the DSO at your previous school will not have access to your SEVIS record, and your new DSO can create a new Form I-20, "*Certificate of Eligibility for [Nonimmigrant \(F-1\) Student Status](#),*" for you. It is important to get a new Form I-20 (signed by your new DSO and you) as soon as possible. To maintain your status, register for classes and contact your new DSO within 15 days of the program start date listed on your new Form I-20.

If you have arrived in the United States but want to transfer to a new school before you begin classes at the school listed on your Form I-20, talk to the DSO at the school listed on that form. You need to inform the DSO that you have arrived in the United States and want to transfer immediately to another [SEVP-certified school](#). You must show proof of acceptance to your new school. You must report to your new school and enroll in a full course of study within 30 days of arriving in the United States. Non F-1 Visa students should meet with their Agent to begin the transfer process.

PART 4. Student Expectations Policies

Student Registration

First time registrants are required to participate in a student orientation program, which will review all registration policies at LISMA Language Center. At that time, they will also meet with a Student Agent to thoroughly review the process of entering the United States for the purpose of studying. An introduction to living in the United States and places of importance in the surrounding areas are also discussed.

Students should register for classes as soon as they are eligible to do so. Following an advisement session, a placement exam is given. It will be graded by a qualified teacher on staff and placement will be determined.

Registration for classes

Students are to register for classes as soon as they are eligible to do so with the assistance of a Student Agent. Before registering for the first time, all students participate in an orientation, which includes an academic advising session. During this session, a complete overview of the enrollment and registration process is provided. The enrollment agreement is carefully reviewed with each student. The enrollment agreement contains information relevant to registration, hours of school operation, cost of the program, course schedule, attendance policy, leave of absence information, withdrawal policies, graduation information and program refunds. This document also contains grading system for the school. If the student has very limited English language skills, there school provides a person who can clearly explain the process in their native tongue.

Continuing students must register in person, before the start of the next session.

Attendance

All students must maintain a minimum of 80% attendance in order to pass each level of instruction. Students are expected to attend classes for the number of hours for which they have enrolled in order to maintain their F-1 status.

If a student will be absent due to illness or academic hardship for an extended time, the student should speak with their agent and the DSO about obtaining permission for a reduced course load. Full instructions can be found here: <https://studyinthestates.dhs.gov/sevis-help-hub/student-records/manage-program-dates-registration-and-course-load/reduced-course-load>

Students are not allowed to take a vacation or leave the U.S. during the academic term. This would be immediate cause for Terminated status. See Leave of Absence if you need to leave the country during the academic term.

For short term illnesses, a medical note can be provided as proof that you had a legitimate absence from class. That does not change your obligation to have a total of 18 hours of instruction per week or to be responsible for the work that you missed in class. Any class missed must be made up regardless of medical note.

Leave of Absence

A Leave of Absence may be granted if the reason is determined to be valid by school officials. A written request for a leave must be submitted prior to the leave of absence. A leave of absence cannot exceed thirty (30) days. Only one leave of absence may be granted to a student in any 12-month period.

Annual Vacation

As per the U.S. Department of Homeland Security and the provisions of your F-1 visa, each student is entitled to an annual vacation after having completed one full year of study as well as an annual vacation in the subsequent years. The policy is:

“You are eligible to take an annual vacation after completing an academic year at a Student and [Exchange Visitor](#) Program (SEVP)-certified school, and once every year after that. Many students take annual vacation during the summer, and it usually lasts about as long as a semester or term of your school year.

You must be enrolled in a full course of study during all the terms of the school year other than your annual vacation. Talk to your DSO to learn when you are eligible for your annual vacation.

If you want to continue [taking classes during the summer](#) during your annual vacation, you do not need to enroll in a [full course of study](#).”

Refer to Study in the States for more information: <https://studyinthestates.dhs.gov/>

LIC/LISMA Language Center offers an annual vacation schedule that provides students with a range of opportunities. In order to be able to offer this kind of vacation time, the other policies regarding attendance and transfer out rules MUST be strictly adhered to. LIC/LISMA Language Center has the best interests of all students as part of the school’s mission; therefore, the policies have been developed in a way that allows a student to maintain status without undue burden. Any questions or concerns should be addressed to the agent, director, and DSO.

Re-Admission

Any student who has withdrawn from the school and desires re-admission must sign a new enrollment agreement for the hours remaining to complete the program. The student will be retested to determine his/her level of proficiency. Any tuition due to the school will be determined and payment must be arranged before re-admittance. Students will be charged the hourly rate for the hours that they need to complete the program. Students will be permitted to re-enter at the discretion of the Executive Director and after a careful review of their academic records. A student requesting re-admittance after failing to maintain satisfactory progress will not be admitted for one grading period. If reinstated as a regular student, he or she will be placed on academic probation until at least the following grading period.

Examinations

Students will be given tests and quizzes throughout each term as well as a midterm and final.

Completion of Program

A student must have completed all required courses, passed each level of proficiency, attended at least eighty percent (80%) of class hours offered, and satisfied all financial obligations before he or she is eligible to graduate. The school awards a certificate of completion for all programs.

Report Card

Report cards provide Academic Grade, Proficiency Level Evaluation and Teacher Comments.

All students have the right to appeal the grade and explain his/her ESL needs and receive support from their teachers or the Academic Director.

Grade Appeals

If a student feels that a grade that they have been given in a particular course is unfair, the student should write a written appeal stating the course, grade, and the grade they feel they have earned. This document should be given to the Academic Director, who will arrange a meeting with the faculty member, Student Agent, and student to resolve the issue.

Incomplete

If circumstances beyond the student's control inhibit the student's ability to complete the work for a course on time, the student is responsible for informing the instructor of the circumstances immediately. At the discretion of the instructor or Academic Director, a temporary report of I (Incomplete) may be assigned, signifying that the student has been granted additional time to complete the requirements for the course. After granting an "I", the Academic Director will set a date for the completion of requirements. The date will be no later than four weeks after the grade has been granted.

Withdrawal

A mark of "W" is recorded when a student withdraws from a course after the first ten days of classes.

Course Policies

Students are encouraged to follow the following steps if they feel they have an issue that needs to be resolved:

2. Notify the director in writing. If the student is unable to resolve the issue with the instructor he or she should notify the director of the campus in writing. After receiving the complaint, the director will, within 72 hours schedule a meeting with the student to address the concern. The meeting will take place within 5 business days of the complaint being received. The director will meet with both the student and the instructor (either individually or jointly) and make a reasonable attempt to resolve the complaint to the satisfaction of both parties.
3. Notify the President/Owner of the school in writing. If the complaint still has not been resolved, then the student should notify the president/owner of the company in writing. Upon receiving the complaint, the president shall respond to the student within 5 business days. The president will meet with the student, instructor, and director, either separately, or jointly, to satisfactorily resolve the issue at hand. PART 5. General School Policies

Campus Regulations

Basic rights and responsibilities are guaranteed to all members of our society. Members of an academic community have, in addition, particular rights and obligations tailored specifically for the school environment. The regulations and procedures in this document pertain mainly to on-campus conduct. The school fully expects that individuals will be responsible for their conduct at all times and that they will be cognizant of and in compliance with local, state and federal laws. Campus regulations serve to supplement these laws. Every aspect of school life shall be free from discrimination on the basis of race, color, religion, gender, ethnic background, sexual orientation, age, marital status or disability. No person shall engage in conduct detrimental to the school.

Academic Integrity

Students are expected to maintain the highest standards of honesty in their school work. Cheating, forgery, and plagiarism are serious offences, and students found guilty of any form of academic dishonesty are subject to disciplinary action, which may include termination from the program.

Cheating is defined as giving or obtaining information by improper means in meeting academic requirements. No person shall take, steal or otherwise obtain in an unauthorized manner any piece or pieces of writing which contain the questions or answers to an examination scheduled to be given to any individual enrolled in any course of study offered by the school.

Forgery is defined as the alteration of school forms, documents, or records or the signing of such forms or documents by someone other than the proper designee.

Plagiarism is the representation of, intentional or unintentional, of someone else's words or ideas as one's own. When using another person's words in a paper, students must place them within quotation marks or clearly set them off in the text and give them footnoting. When students use only the ideas and change the words, they must clearly identify the source of the ideas. If students have questions about what constitutes plagiarism, it is their responsibility to clarify the matter by conferring with the instructor.

Faculty members are responsible for reporting all cases of cheating, plagiarism and/or forgery to their Department Director and to the Dean of Academic Affairs. Academic penalties may range from a failure for a specific piece of work in a course to a failure of the course itself.

Responsibilities Regarding Accessing Email

Students are required to access their personal email accounts regularly and to read all emails from the Long Island Conservatory regarding school matters. Email serves as one means of announcing events and calendar changes; students are expected to plan accordingly or communicate with administrators if they have a conflict with a particular meeting day/time that is announced.

Copyright Policy

LIC/LISMA Language Center requires all faculty, staff, and students to comply with all state and federal laws including copyright laws. The students, faculty, and staff at Long Island Conservatory have access to the fundamentals of copyright law and LIC/LISMA Language Center's guidelines for educational use of copyrighted materials at the main desk and the U.S. Copyright Office's Home Page: <http://www.copyright.gov/>

Physical Abuse

No person shall recklessly cause physical injury to any member of the school community. Any student found committing such offenses will be subject to disciplinary probation.

No Children and Pets

Children and pets are not allowed in the classroom. Any student who brings a child or a non-service animal into the classroom will be asked to leave and forfeit attendance for that day. There cannot be any exceptions to this rule by the standards and regulations set forth by the state.

No person shall engage in a course of conduct or commit acts that alarm or seriously annoy another person and serve no legitimate purpose. Such acts include, but are not limited to: obscene language or gesturing, stalking, creating a condition that endangers, intimidates or threatens the health and safety of a member of the school community. Communication by telephone, mail, or any other form, anonymously or otherwise with the intent to cause annoyance or harm shall be deemed harassment. These actions are subject to probation.

Narcotics, Illicit Drugs, and Controlled Substances

No person shall use, manufacture, or have in his/her possession, any narcotic, illegal drug, or controlled substance, not prescribed to them by a licensed physician, including but not limited to: cocaine, heroin, opiates, barbiturates, amphetamines, organic or synthetic depressants, stimulants, and hallucinogens; marijuana and its derivatives or any other substance is strictly prohibited. No sale or otherwise attempt to distribute any narcotic or illegal drug or controlled substance is strictly prohibited.

No person shall possess weapons of any kind, (even if licensed) including, but not limited to nunchaku sticks, firearms, large knives, air guns etc. anywhere on campus.

Property Damage

No person shall take, steal or destroy or damage any property, be it personal or otherwise on campus or any property under the school's control or belonging to another member of the school community. In addition, no person shall in any manner whatsoever deface any property under the ownership or control of the school.

Sexual Abuse

No person or group of individuals shall engage in sexual behavior towards any individual against his/her will without his/her verbal consent.

Sexual Harassment

According to the Federal Equal Employment Opportunity Guidelines, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when submission to the conduct is either an explicit or implicit term or condition of employment or academic advancement, or the conduct has the purpose or effect of unreasonably interfering with an affected person's work performance, learning environment, or creating an intimidating, hostile, or offensive work environment.

Unauthorized Use of Computer Services

The campus computing facilities and network resources are available to registered students and officially recognized organizations. They are provided for instructional and research purposes, and must never be used for commercial purposes or personal gain. Students are responsible for all activity associated with their computer accounts.

No person shall violate copyright protections. Copyright protections are created when words are on paper, words are transmitted via email, music is recorded, computer software is written, or images are created. Once done, the work is protected by copyright. If someone wants to use the work, they must get permission from the creator. If permission is not requested, it may be copyright infringement. Copyright infringement is

any reproduction (download), display, distribution (upload), or public performance without the permission of the copyright owner or unless there is an applicable statutory exception or limitation.

Theft

No person shall take and/or knowingly possess property other than his/her own with intent to benefit himself/herself or a person other than the owner of the property. The penalties will be not less than a Warning Probation.

Trespassing

Disorderly Conduct

No person shall engage in criminal mischief (vandalism) or recklessly create a public inconvenience or disturbance by fighting, making unreasonable noise, using abusive language or obscene language, or creating a hazardous or physically offensive situation by an act which serves no legitimate purpose.

PART 6: Student Services

Student Service: Counseling

Unlimited walk-in academic, personal, and immigration counseling are provided to students.

Our agents are sensitive, friendly, and dedicated. They work closely with students to meet all of their personal, academic, and professional needs. We also provide other services for students such as information regarding opening a bank account, applying for a driver's license, etc. To make an appointment, please visit the ESL desk.

Academic Advising

Academic advising involves exploring the student's goals. It is designed to develop each student's program choice. Agents explain academic regulations, help students select courses, and plan their program. Agents are available on a walk-in basis and by appointment.

Monthly Recreation/Social Events

While attending school, all students have access to educational, social, and recreational activities. Throughout the course of study, teachers take students on cultural outings/field trips ranging from museum visits, trips to restaurants, outdoor activities, cultural parades, festivals and free concerts. Our staff is also ready to assist students with directions to events and suggestions for activities. To further enhance student's social and cultural experiences, our friendly staff plans annual holiday parties at school to foster school spirit and introduce students to American culture and holidays.

Student ID Cards

All students are able to receive a student ID Card for a fee of \$5 (USD). Having a student ID card is helpful for receiving discounted admission to many museums and concerts throughout NYC. In order to receive a student ID, students need to submit one passport-sized photo to the Front Desk. For more details, please call LIC/LISMA Language Center at 212-868-1080.

Health Insurance

Since medical treatment in the U.S. is very expensive, it is highly recommended that all international students purchase health insurance for their stay in the United States. All International students holding F-1/J-1 VISAs have the option of purchasing affordable Compass Health Insurance, or ISO's International Student Health insurance. Students may speak to their agent at any time regarding further information about student health insurance. Though not required in order to enroll in the school, health insurance is very strongly recommended (see warning below).

Warning: in the United States, if an individual experiences a serious illness or accident and needs extensive medical care, the costs of care can be extremely high without health insurance. These costs are your sole responsibility. Therefore, it is strongly recommended that students make sure they hold adequate health insurance coverage while in the United States.

Student Housing

While LIC/LISMA Language Center will offer assistance when possible to help students find adequate housing, it is ultimately the responsibility of the student to find housing that meets their needs and meets the standards of the local housing authority.
